The Best Preparation for Building Academic Reading Skills and Vocabulary

The Reading Key series is designed to help students to understand American school textbooks and to develop background knowledge in a wide variety of academic topics. This series also provides learners with the opportunity to enhance their reading comprehension skills and vocabulary.

- **Reading Key <K>** is a four-book series designed for kindergarteners to beginning learners.
- **Reading Key <Easy>** is a three-book series designed for high-beginner to low-intermediate learners.
- **Reading Key <Basic>** is a three-book series designed for low-intermediate to intermediate learners.
- **Reading Key <Core>** is a three-book series designed for intermediate to advanced learners.

Features

- A wide variety of topics that cover American school subjects
- Intensive practice for reading skill development
- Building vocabulary through school subjects and themed texts
- Graphic organizers for each passage
- Captivating pictures and illustrations related to the topics

Table of Contents

Chapter

1

Social Studies ★ History and Geography

Four cartoon children are standing on a green hill, holding a large white rectangular sign. The child on the far left is wearing a red shirt, the second is wearing a green shirt, the third is wearing an orange shirt, and the fourth is wearing a blue shirt. They are all smiling and holding hands. The sign they are holding has the word 'Chapter' in blue and the number '1' in a large blue font. There are dashed lines around the sign, suggesting it is being presented or celebrated. In the background, there are green hills, trees, and butterflies.
